Dear Chris,

CARROLL COLLEGE

Thank you so much for your help with our strategic planning and for the wonderful job you did in helping us design a new meeting format for our Board of Governors.

CARTHAGE COLLEGE

CONCORDIA UNIVERSITY WISCONSIN

Your opening strategic planning session accomplished all we hoped for and identified what would become the building blocks of our new strategic plan, which is attached. Your ongoing suggestions and participation over the following six months was a perfect balance of letting us choose our priorities and inspiring us to think big.

LAWRENCE UNIVERSITY

The meeting at which we unveiled our strategic plan was also a complete success. I have had only positive comments and congratulations from almost everyone who attended. Thank you for finding such a compelling speaker who so adequately addressed one of the key issues of our new plan.
