February 8, 2004

Dear Chris –

Thanks so much for a challenging and entertaining opening keynote for our January 2004 Wisconsin Association of Fairs annual convention in Green Bay. With our convention theme of "Fairs on Safari" you customized your presentation on creativity to tie right in with "Lions, Tigers & Bears Oh My! – Finding Your Way to Creativity".

I knew it would be great presentation from the initial contact I had with you and your "Speaking Solutions". Though I had never met you, I felt very comfortable that it would a presentation our group of statewide county fair volunteers could connect with. It was all and more than I expected! It was extremely professional from that moment on – and the continuing monthly contacts just reinforced that feeling.

Again thank you and I wouldn't hesitate to recommend you and any of your many presentations for any size or type of group here in Wisconsin or anywhere in our country. The best to you in 2004 and beyond.

Most sincerely,

Jane L. Grabarski
Executive Secretary
